Description

Manchester City Council is looking to appoint a framework for the supply of volumetric concrete and bottle concrete.

The tender is divided into two lots as follows:

- Lot 1 - Concrete batched and concrete bedding delivered to various sites by Volumetric Truck Mixer
- Lot 2 - Supply and delivery of Ready-Mix Concrete

Companies may apply for either or both lots.

It is intended that Manchester City Council will award this framework to up to 3 highest scoring tenderers per lot, subject to meeting the Award Criteria stated in the ITT

documents.

The Council is using the e-business portal known as the Chest. Applicants will need to register their details at the following link www.the-chest.org.uk . Once registered, applicants will be emailed a log-in and password which will allow them to gain access to the documentation relating to this opportunity.

Framework operation description

It is intended that Manchester City Council will award this framework to up to 3 highest scoring tenderers per lot, subject to meeting the Award Criteria stated in the ITT documents.

This framework will allow Manchester City Council to call off contracts by Direct Award without reopening competition.

Direct Award of each Works Package Order will be made on the basis of Price and Availability.

The Pricing Schedule submitted at the tender stage will be used to price the works required.

Each Works Package Order will be priced by applying quantities against the items pertaining to the works into the Pricing Schedule to determine the lowest.

The lowest-priced holder will be asked to confirm their availability to carry out the works. If the lowest-priced holder is not available, the same process will be carried out with the next lowest. This will continue until a suitable award is made.
