Tender

25/027 Qualification System for the Provision Of Electric Drive Compressor Packages

Gas Networks Ireland

F05: Contract notice – utilities

Notice identifier: 2025/S 000-074943

Procurement identifier (OCID): ocds-h6vhtk-05e3b7

Published 18 November 2025, 4:31pm

Section I: Contracting entity

I.1) Name and addresses

Gas Networks Ireland

Gasworks Road

Cork

Contact

Tender Admin

Email

tenders@gasnetworks.ie

Country

Ireland

Region code

IE - Ireland

Justification for not providing organisation identifier

Not on any register

Internet address(es)

Main address

<https://www.gasnetworks.ie>

I.3) Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at

<https://www.etenders.gov.ie/epps/home.do>

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted electronically via

<https://www.etenders.gov.ie/epps/home.do>

I.6) Main activity

Production, transport and distribution of gas and heat

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

25/027 Qualification System for the Provision Of Electric Drive Compressor Packages

Reference number

25/027

II.1.2) Main CPV code

- 42123100 - Gas compressors

II.1.3) Type of contract

Supplies

II.1.4) Short description

The Qualification System is for the Supply of Electric Drive Compressor Packages. The scope includes

the compressor unit, electric motor, ancillary systems, emergency shutdown system, and integration support. The

boundaries of the scope are clearly defined to ensure clarity in deliverables. Scope of Supply: 1. Provision of Electric

Drive Compressor package including: Electric motor? and Natural gas centrifugal compressor. 2. Provision of

all ancillary supporting systems including: Control system PLC 3. Provision of emergency shutdown system for

the package Scope Boundaries Included within the scope: • Compressor unit: The physical compressor itself (e.g.,

centrifugal, reciprocating, screw) and its associated components like the rotor, casing, and any internal seals. •

Electric motor: The motor driving the compressor, including its housing, stator, rotor, and any cooling systems.

- Variable Frequency Drive (VFD): If used, the VFD that controls the motor's speed and power.
- Coupling: The

mechanical link between the motor and compressor.

- Assistance with Integration of EMD to existing station systems

and compressors.

- Local instrumentation and control system: Sensors, gauges, and control systems for monitoring

and controlling the compressor's operation. This includes pressure, temperature, flow rate, and vibration monitoring.

- Lubrication system: If applicable, the system that provides lubrication to the compressor and motor.
- Cooling

system: If applicable, the system that removes heat generated by the compressor and motor.

- Startup and shutdown

systems: Components and controls for safely starting and stopping the compressor.

- Safety systems: Shutdown

systems and interlocks for preventing equipment damage and ensuring personnel safety.

Excluded from the scope:

-

Interconnecting station pipework systems • Compressor halls • Foundations

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 31100000 - Electric motors, generators and transformers
- 42110000 - Turbines and motors
- 42120000 - Pumps and compressors

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

- UKN - Northern Ireland
- IE - Ireland

II.2.4) Description of the procurement

The Qualification System is for the Supply of Electric Drive Compressor Packages. The scope includes

the compressor unit, electric motor, ancillary systems, emergency shutdown system, and integration support. The

boundaries of the scope are clearly defined to ensure clarity in deliverables. Scope of Supply: 1. Provision of Electric

Drive Compressor package including: Electric motor? and Natural gas centrifugal compressor. 2. Provision of

all ancillary supporting systems including: Control system PLC 3. Provision of emergency shutdown system for

the package Scope Boundaries Included within the scope: • Compressor unit: The physical compressor itself (e.g.,

centrifugal, reciprocating, screw) and its associated components like the rotor, casing, and any internal seals. •

Electric motor: The motor driving the compressor, including its housing, stator, rotor, and any cooling systems.

• Variable Frequency Drive (VFD): If used, the VFD that controls the motor's speed and power. • Coupling: The

mechanical link between the motor and compressor. • Assistance with Integration of EMD to existing station systems

and compressors. • Local instrumentation and control system: Sensors, gauges, and control systems for monitoring

and controlling the compressor's operation. This includes pressure, temperature, flow rate, and vibration monitoring.

• Lubrication system: If applicable, the system that provides lubrication to the compressor and motor. • Cooling

system: If applicable, the system that removes heat generated by the compressor and motor. • Startup and shutdown

systems: Components and controls for safely starting and stopping the compressor. • Safety systems: Shutdown

systems and interlocks for preventing equipment damage and ensuring personnel safety. Excluded from the scope: •

Interconnecting station pipework systems • Compressor halls • Foundations

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

20 November 2025

End date

30 October 2035

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

30 October 2035

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.4) Procedures for review

VI.4.1) Review body
