Description

To implement a fit for purpose small vehicle fleet strategy that enhances the Airport Rescue and Firefighting Service (ARFFS) capability, safeguards regulatory compliance, improves operational resilience and aligns with POJ sustainability commitments, the need has been identified to purchase two new low-emission vehicles.

The requirement is for the following:

- Incident Command EV
- Management Training / Spare Operations EV

This supports the airport vehicle strategy to deliver modern, sustainable, and fit-for-purpose fleet that supports compliant and best-practice ARFFS and Airside Operations;

while advancing commitments to carbon reduction.
