Description

Hampshire County Council is seeking a supplier to take on provision of catering services to Educational Establishments across the county of Hampshire, following the cessation of the Contracting Authority's in house service, Education Catering.

189 Educational Establishments have confirmed to the Contracting Authority that they wish to access catering services through this Contract from the outset, with the breakdown by establishment type, pupil numbers on role etc included as Annex 1 A of this ITT. These numbers reflect the schools which have chosen to "opt in" to this arrangement and are not anticipated to change significantly but may be subject to some change before the Contract commences. Educational Establishments are opted in for the initial period of the contract with the option to extend for an additional 2 years. This extension is dependent on the Contracting Authority extending this Contract.

Educational Establishments that choose not to access services through this Contract at the outset will have the option of joining later during the life of the Contract and will be able to access the services under the same terms as those that were part of the Contract from the start. Establishments would only be added subject to agreement from all parties.

Educational Establishments may be either Local Authority maintained schools or Academies. These entities have different legal statuses, and each academy trust accessing services through this contract will be required to complete a Deed of Adherence (sample provided in Annex 3d) with the Contractor & The Contracting Authority prior to implementation.

All Tenderers must have signed and completed Annex 5 - TUPE Confidentiality Undertaking Template by the Clarification deadline.

Tenderers who submit a tender without having completed and returned Annex 5 as an attachment via the Intend Correspondence function before the deadline for clarification questions (19th May 2025 at 17:00), will have their submission rejected.
