The service is for a 10 bedded supported accommodation provision in Swindon providing 24-hour support and supervision for service users accepted as being suitable for non-nursing based input, including accommodation in a homely environment. The input will be of a recovery based approach with the aspects of choice, self-determination, personalisation and social inclusion as the paramount philosophies and outputs. The service is provided for ages 18 year+.

achieving the service objectives and assist service users to move along the recovery pathway. There is no time threshold for residing at the provision.
