## Parenting Support Training and Delivery Grants

North Northamptonshire Council

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-075669

Procurement identifier (OCID): ocds-h6vhtk-05e57e

Published 20 November 2025, 1:27pm

### Scope

### Description

North Northamptonshire Family Hubs Programme is pleased to invite organisations across the partnership, including health services, local authorities, voluntary and community sector (VCS) groups and faith groups to apply for funding to deliver one of three evidence-based parenting support programmes: Triple P for Baby, Triple P Stepping Stones, and the Solihull Approach.

Organisations should have experience in family support, early years, or community-based interventions, and the capacity to release staff or volunteers for training.

This opportunity is targeted at services already engaged with families and managing caseloads within North Northamptonshire, ensuring the seamless implementation of evidence-based parenting programmes within established governance frameworks. The goal is to empower professionals to provide high-quality, evidence-based parenting support to families in North Northamptonshire, fostering stronger outcomes for children and parents across the region.

Successful applicants will gain free access to accredited training and grant funding of up to £10,000 per organisation per training programme. This funding is designed to support service delivery and related activities.

Training spaces will be available for 5-10 participants per organisation, depending on suitability and capacity to deliver effectively.

Each successful organisation will receive:

- Access to accredited training in one of the specified programmes
- A grant of up to £10,000 to support participation, preparation, and implementation
- Guidance and coordination from the Family Hubs team to ensure alignment with local delivery plans
- Access to shared resources and learning networks within the Family Hubs parenting workstream

Organisations are welcome to submit multiple bids if they wish to access training in the different parenting support interventions: Triple P for Baby, Triple P Stepping Stones, and the Solihull Approach. For each bid, they should provide evidence of how they will reach and engage diverse community groups through a broad and inclusive offer.

Successful organisations will be expected to:

- Identify up to five practitioners to undertake the training and subsequent delivery
- Participate in pre- and post-training engagement sessions with the Family Hubs team
- Deliver sessions in line with programme fidelity and safeguarding requirements
- Contribute to local monitoring and evaluation through data returns and feedback forms
- Work collaboratively with Family Action, Family Hub staff, and other local partners to ensure consistent delivery

Grants of up to £10,000 per organisation per programme are available to cover staff time, backfill, materials, and reasonable associated costs. Funding must be used to support participation in training, preparation for delivery, and the implementation of the selected programme(s).
