105452

Description

The Authority (North Yorkshire Council NYC) and its wholly owned Teckal Company, (NYHighways NYH), are jointly seeking information from suppliers regarding an integrated Fleet Management System (FMS) capable of supporting both organisations in managing a shared and diverse municipal fleet. The purpose of this RFI is to gather market information, functionality insights, indicative costs to inform the development of a potential procurement exercise. This is not a request for proposal or tender, no contract will be awarded directly as a result of this RFI. The Authority is also considering holding discovery days, and further information is provided below. Suppliers are asked to advise if they would be interested in working with the Authority, and therefore bidding for a potential future opportunity, as part of their response to the RFI.

Total value (estimated)
