Description

Sightline will provide Innovate UK with access to its AI-powered climate intelligence platform, supported by specialist analyst services. The partnership will deliver real-time market intelligence across clean energy, fuels, carbon, grid, and industrial decarbonisation sectors, along with tailored research and analytics to assess programme impact and inform future investment decisions. Up to 20 Innovate UK users across key Net Zero teams will be granted platform access, complemented by executive workshops and quarterly analyst briefings. The service also includes data integration with Innovate UK's portfolio to support evaluation and communications. This contract strengthens Innovate UK's ability to assess sector readiness, de-risk investments, and scale UK industry through robust, evidence-led market insight.
