Description

Basildon Borough Council has provided for many years for the benefit of its tenants a successful Home Contents Insurance Scheme. This is a service that aims to provide them with a quality product that is competitively priced against what is available in the market both in terms of premium levels and the level of cover, including exclusions and excesses. It is important the scheme reflects the intended market and overall requirement to assist the Council in reducing financial exclusion. Currently there are approximately 1,363 existing policyholders from a total housing stock of approximately 10,672.
