II.2.4) Description of the procurement

City Building Glasgow requires Glass Products to be delivered to our RSBi Window Factory based at RSBi, Unit 7 Edgefauld Avenue and various sites throughout the Greater Glasgow Area. We will also require Glaziers to uplift glass panels several times a week due to restrictions with storage. This may involve same day uplift of TGUs, DGUs and Glass Associated Products. Bidders must therefore have facilities available to City Building to accommodate this ensuring a quick turnaround from notification of order to uplift by CBG. This can happen several times a week and CBG are unable to accurately forecast the exact dimension/ products.

The Glass products required by this tender will be used for new build homes and various projects throughout greater Glasgow. There will also be an element of repairs for current properties, schools and care homes.

All of our glazing is required to be cut from "K-Glass" or "Low Emissivity Glass". The glass is required to be pre-cut on delivery / collection as stated within the schedules.

Glaziers will be required to collect both Low Emissivity Glass and Sheet Glass from either the bidder's premises or distribution centres several times a week for ad-hoc repairs.

Delivery

- All supplies to be loaded and delivered on size appropriate glass handing stillages
- City Building would request to retain the loaded stillages on each delivery these will in turn be collected once all sheets have been provided to appropriate projects and divisions.
- All supplies delivered with protective pads, Contract number, window number, unit dimensions, weight & makeup of the unit (type of glass, spacer colour etc)
- Supplies which have been damaged in transit are required to be replaced within a maximum of two working days.
- Standard Delivery times should be within a week, bidders are required to communicate with CBG staff and Glaziers about forward planning for larger orders and working towards dates for various repairs.
- In terms of any large project requirements delivery timescales will be subject to the quantities required and this will be discussed with the project manager at the offset of the order.

- Maintenance requirements – fast-track service required in order for CBG to meet Client expectations and KPI's. In this instance a 5 day turnaround is desired.

Service

The vast amount of supplies will be required to be delivered in bulk to a central location being - RSBi Window Factory, Atlas Industrial Estate, Unit 7, Edgefauld Road, Springburn, Glasgow, G21 4UR.

CBG and RSBi will liaise with the successful bidder to establish an efficient system in terms of administration and ensure the effective flow of documentation in respect of order and invoice processing.

The successful bidder will meet with the relevant City Building staff each month (or at periods determined by City Building) at City Buildings premises to discuss the overall performance of the contract.

Once an order has been received the successful bidder will acknowledge the order form and confirm correct sizing and coding with CBG.

Orders Stating Contract Number, Requirements, Purchase Order Number and Delivery Date are emailed to supplier by City Building.

City Building will offer as much forward notice as possible of impending changes to quantities. It should be noted that quantities stated on the tender documents, are in every respect, based on our clients projected requirements at the time of issue and may be increased, decreased or suspended at any time throughout the term of the contractual period without invalidating the contract.

CBG are unable to accurately forecast the exact dimensions including requirement for products. Figures provided within the upcoming tender documentation will be based on historic figures.

VI.4) Procedures for review

VI.4.1) Review body

Glasgow Sheriff Court and Justice of the Peace Court

1 Carlton Place

Glasgow

G5 9DA

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

City Building (Glasgow) LLP must, by notice in writing as soon as possible, after the decision has been made, inform all bidders and candidates concerned of its decision to award the contract. City Building (Glasgow) LLP must allow a period of at least the relevant standstill period (where the notice is sent by facsimile or electronic means the period is 10 days ending at midnight at the end of the 10th day after that on which the notice is sent, when sent by other means the period is 15 days) to elapse between the date of dispatch of the notice referred to in Regulation 86 of the Public Contract (Scotland) Regulations 2015 "the Regulations"). CityBuilding(Glasgow) LLP is obliged to comply

with the Regulations and any eligible economic operator can bring an action in the Sheriff Court or the Court of Session where as a consequence of a breach by City Building (Glasgow)LLP, suffers or risks suffering loss or damage. The bringing of court proceedings during the standstill period means that City Building (Glasgow) LLP must not enter into the contract unless the proceedings are determined, discontinued or disposed of; or the court, by interim order, brings to an end the prohibition. The bringing of court proceedings after the standstill period has elapsed and the remedies that are available to the courts are detailed in the Regulations. Economic Operators can write to City Building (Glasgow) LLP seeking further clarification on the notice, to which City Building (Glasgow) LLP must respond within 15 days. Economic Operators

should be mindful to seek their own independent legal advice when they consider appropriate to do so.
