Lot constraints

Description of how multiple lots may be awarded:

1Suppliers can bid for all lots and be awarded a contract for either lot 1, lot 2 or lot 3. In the event lot 3 is awarded, lots 1 and 2 will not be awarded. GSA will make this decision based on the most advantageous offering based on the results of the evaluation.

Although there are connections between the two Services it is intended that they are capable of being operated by separate Suppliers. Lot 3 has been included as an optional Lot, to provide a combined Services under a single Contract but to enable a Supplier bidding for both Lots to identify the financial saving or discount that would apply should they be appointed as the Supplier for both Services

The assessment process outlined in this ITT is designed so that where GreenSquareAccord elects to award, it will only award, either both of Lot 1 and Lot 2, OR Lot 3 only. In the event that either of Lot 1 or Lot 2 is abandoned during the process then Lot 3 will also be abandoned and GreenSquareAccord will continue with any remaining Lot.
