Section II: Object

II.1) Scope of the procurement

II.1.1) Title

TENDER FOR THE COLLECTION AND TREATMENT OF RESIDUAL WASTE 2425 TNDR EP 003

Reference number

2425 TNDR EP 003

II.1.2) Main CPV code

• 90510000 - Refuse disposal and treatment

II.1.3) Type of contract

Services

II.2) Description

II.2.1) Title

LOT 1 - Municipal Wastes including Separately Collected Fractions. Mixed municipal residual wastes 20-03-01 Omagh

Lot No

1

II.2.2) Additional CPV code(s)

• 90513000 - Non-hazardous refuse and waste treatment and disposal services

II.2.3) Place of performance

NUTS codes

• UKN0G - Fermanagh and Omagh

Main site or place of performance

Fermanagh and Omagh District Council Area

II.2.4) Description of the procurement at the time of conclusion of the contract:

Fermanagh and Omagh District Council invited tenders for the collection, treatment and RDF/SRF processing of municipal waste for a period of 6 Months from Commencement of Contracts (Approximately September/October 2024) for each of Two Lots, with options, entirely at the discretion of Fermanagh and Omagh District Council, to extend the Contracts for each lot for a further period of 6 months or Part Thereof. The contract materials will consist of residual waste arising from the Council kerbside refuse collection service and recycling centre residual waste. The successful contractor will process the contract material by the removal/recovery of any recyclable material and processing of residues into RDF/SRF fuel. The aim of the contract services will be to divert residual wastes from landfill to assist the Council in meeting its landfill diversion targets. Material will be collected at Gortrush transfer station and Drummee Transfer Station as stated in the lots in bulk trailer or similar system. The Council will arrange for the loading of the successful contractor's vehicle. The treatment of this waste is to ensure that the Client meets its obligations Under Domestic and European legislation including the Landfill Allowance Scheme (Northern Ireland) Regulations 2004. Processes such as mechanical biological treatment, anaerobic digestion and the production of Solid Recovered Fuel (SRF) or Refuse Derived Fuel (RDF) for energy recovery at an R1 rated facility are acceptable technologies for the treatment of the Client's waste.

Services, Works, Goods:

Services

II.2.7) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

27 November 2025

End date

31 March 2026

Yes

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Page 9 to 9

Original Contract extended for a period of 6 Months. The contract is being extended for a further period of 3 months from 1 October 2025 with option to extend on a monthly basis up to a maximum of 6 months

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

A procurement exercise was commenced by the Authority to put in place appropriate and timely contract arrangements for a new Contract.

However, due to unforseen disruption of the procurement process which delayed award of a new Contract an extension of the existing arrangements is required to ensure continuity of Service provision for the collection and disposal of waste materials.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptions and average inflation)

Value excluding VAT: £750,000

Total contract value after the modifications

Value excluding VAT: £2,250,000
