Yes

---

## **Procedure**

### **Procedure type**

Direct award

## **Special regime**

Light touch

## **Direct award justification**

- Single supplier - technical reasons
- Additional or repeat goods, services or works - extension or partial replacement

The direct award of this CCTV maintenance contract is justified for the following reasons:

- The business interruption and switching costs associated with moving to a new supplier would outweigh any potential savings from a competitive exercise.
- Changing supplier would introduce incompatibilities with existing systems and a linked contract, creating significant technical challenges in both operation and maintenance.
- Awarding contract to maintain continuation of service on the basis that a change in supplier at this stage would result in disproportionate technical difficulties in operation.
