Published 26 November 2025, 7:00pm

Scope

Reference

GEL-HE-25401

Description

To provide comprehensive process and impact evaluation services for the Newborns Genome Programme ("Generation Study"). The required services include conducting interviews with designers and early implementers of the Generation Study, administering surveys and follow-up interviews with parents twelve months after completion of the initial survey, and undertaking micro-costing analyses to assess changes in resource use and costs as the programme scales. All data collection and analysis shall be performed using approved qualitative and quantitative methods, under the oversight of the Study Advisory

Group and the Patient and Public Involvement and Engagement (PPIE) Advisory Group
