Award

## Fuel Management System

Leicester City Council

UK6: Contract award notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-077738

Procurement identifier (OCID): ocds-h6vhtk-05a768 ([view related notices](#))

Published 27 November 2025, 2:48pm

### Scope

### Reference

1020NMHOU

### Description

Leicester City Council requires a Fuel Management System (FMS) to monitor, control and report on fuel usage across its fleet of vehicles and machinery circa 800 vehicles and plant. The solution must be compatible and installed across multiple locations within the Leicester area. The system must enable secure fuel dispensing through authorised methods (e.g. RFID, vehicle tags), provide accurate, real-time tracking of fuel transactions and stock levels; and generate detailed reporting on fuel by vehicle, operator and site. It must also include configurable alerts (e.g. low fuel, anomalies) support environmental and audit reporting, and integrate seamlessly with existing council systems, including fleet management. The system must be robust, scalable and user-friendly with high availability, role-based access control, and compliance with applicable fuel storage, environmental and data security regulations. The successful tenderer will be responsible for end-to-end delivery including the supply of hardware and software, system configuration, user training, documentation and post-deployment support. The FMS must enhance operational efficiency, reduce fuel loss and provide the transparency and accountability

required by the council's governance and reporting obligations. The Council reserves the right to onboard other service areas of the Council to call-off from this contract, should they have a requirement for the same services, during the contract term (including options to extend).

---

## **Contract 1. Fuel Management System**

### **Supplier**

- Triscan Systems Limited

### **Contract value**

- £128,983 excluding VAT
- £154,780 including VAT

Below the relevant threshold

### **Award decision date**

27 November 2025

### **Earliest date the contract will be signed**

9 December 2025

### **Contract dates (estimated)**

- 1 March 2026 to 28 February 2029
- Possible extension to 28 February 2030
- 4 years

Description of possible extension:

Initial term of 3 years with the option to extend for a further 1 year.

### **Main procurement category**

Goods

### **CPV classifications**

- 48000000 - Software package and information systems

### **Contract locations**

- UKF21 - Leicester

---

### **Information about tenders**

- 2 tenders received
- 2 tenders assessed in the final stage:
  - 0 submitted by small and medium-sized enterprises (SME)
