Published 27 November 2025, 3:22pm

Scope

Reference

2025-0015

Description

Anglian Water Services intends to procure a unified Project, Programme and Portfolio Management (PPM) solution to replace and consolidate three existing PPM systems currently used within the Business Change function. The new tool will provide a platform to support consistent delivery, improve visibility of change activity, and streamline our portfolio governance.

While the initial focus is on Business Change, the solution will also be adopted by some partner delivery teams and other business areas in Anglian Water who have identified the same need for a single, robust PPM capability.

The required solution must offer an integrated suite of capabilities, including:

Benefits management

Change management

Project and programme management

Portfolio and roadmap management

Resource & Capacity management

Governance and assurance

Schedule, task, and dependency management

RAID management

Reporting, insights, and analytics

Closure and transition management

Suppliers will be expected to provide a scalable, user-friendly SaaS solution that supports efficient delivery, enhances decision-making, and aligns to Anglian Water's strategic portfolio management approach.

Total value (estimated)

- £3,000,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 3 April 2026 to 2 April 2029
- Possible extension to 2 April 2036
- 10 years

Description of possible extension:

All extensions will be at Anglian Water's discretion only, for periods of one (1) or more years, up to a total term of 10 years.
