Scope

Description

Community Accommodation Service Tier 3 (CAS3) is a provision funded by the Ministry of Justice (MOJ) and overseen in Greater Manchester by the Greater Manchester Probation Service and Manchester City Council, to provide short-term accommodation and support for people who are threatened with homelessness upon their release from prison or approved premises, for up to 84 days. The CAS3 provision emphasises the prevention of homelessness and the reduction in reoffending.

Manchester City Council is seeking to engage with existing and potential providers of support and accommodation services to understand the market's capabilities in providing short-term support and accommodation for people who have recently left custody.

Engagement process description

Manchester City Council invites existing and prospective providers of support and accommodation services to submit a brief outlining their capacity to deliver the specified provision. Submissions should be sent to Shealah Garvey and Tonia Murphy at commissioning.consultation@manchester.gov.uk by 12th December 2025.

In the brief, Manchester City Council seeks to understand the market's capacity to deliver the following services and requests providers to include indicative financial costs for each element for the full financial period.

For proposals relating to accommodation services, providers should explain how costs are calculated and include a detailed breakdown of these figures. The Council is particularly

interested in exploring fixed-term pricing models while assessing provider viability. Alternative approaches to pricing scheduling will also be considered to understand the market's overall capacity.

Providers may submit proposals for accommodation services, support services, or both. When submitting your proposal, please detail your integrated approach to delivering the CAS3 provision, whether that be in full, or in part.
