Scope

Description

Software programme that allows Control Room Operators to have a single click access to a list of sub systems (such as ADT, CMR, the SCADA systems etc) displayed on their computer screens.

This is for licenses and essential care software to continue the enhanced reliability of the BARCO system since the 2023 system upgrade, so that all Control Room operators can continue to have one click access to the various sub systems on their individual screens in the Control Room. The cost includes all required software licenses/software
