Description

North Yorkshire Council (The Authority) is committed to delivering high-quality care. To ensure that future fee structures are fair, sustainable, and reflective of actual service costs, the Council is looking to undertake a comprehensive Cost of Care exercise. This analysis will provide valuable insights into the true costs of delivering care and support, helping to inform evidence-based fee setting for the new contractual arrangements. The Authority is requesting information from suppliers to help determine the scope and feasibility of its requirement, to understand the range of potential solutions available in the market, and to assist with drafting a potential future tender specification for undertaking a Cost of Care Exercise for Adult Social Care. The exercise will inform future commissioning and fee setting for care and support services.
