VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The modification is to extend the the PfH tendered framework agreements for Vehicle Leasing and Associated Services for a further 12-months.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The extension is required to give the market time to adjust to the changes introduced by PA23. Suppliers are still updating their commercial

models, bid processes and legal approaches, and market engagement elsewhere has shown inconsistent levels of readiness. Proceeding

earlier risked excluding capable providers or receiving non-compliant bids, reducing competition and value for money

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £50,000,000

Total contract value after the modifications

Value excluding VAT: £50,000,000
