Description

DAERA requires a Supplier to provide the administration, delivery, licencing, support and maintenance of a Carbon Calculator which will provide farm businesses in Northern Ireland with their Whole Farm-level Carbon Footprint, Enterprise-level Carbon Footprint and Product-level Carbon Footprint. Training will be provided to assist farmers to use the information received to take appropriate action to reduce net GHG emissions on their farm. The Carbon Calculator procured for this project will be used on all Northern Ireland farms, and requires 28,400 farm carbon footprints to be completed over the next four financial years 2026/27 – 2029/30.

Total value (estimated)

- £2,500,000 excluding VAT
- £3,000,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 April 2026 to 31 March 2028
- Possible extension to 31 March 2030
- 4 years

Description of possible extension:

Following the initial contract period, there are [2] potential extension periods of up to [12] months each. Optional extension periods will be subject to review and satisfactory performance assessment by the Contracting Authority.

Contract Value

The estimated value figure indicated in the Scope Section represents an overall estimated contract value. This value reflects the potential scale of the contract and takes into account potential optional extension periods and the uptake of potential optional services as detailed in the tender documents. This figure does not however take into account the application of indexation or increases to charges due to increases in the Real Living Wage. Neither CPD nor the contracting Authority can provide any guarantee as to the level of business under this contract. The Contracting Authority does not bind itself to accept the lowest or any tender. Suppliers remain responsible for all costs and expenses incurred by them or by any third party acting under instructions from the Supplier in connection with taking part in this procurement process regardless of whether such costs arise as a consequence, directly or indirectly of any amendments made to the procurement documents by the Contracting Authority at any time. No legally binding contract shall arise (and a Supplier shall have no legitimate expectation that a contract will be entered into) until such time as entry into the Contract has been confirmed by the Contracting Authority.

Description of risks to contract performance

Description of risks to contract performance

The Contracting Authority has identified the following risks as risks that satisfy the criteria of Schedule 8 sub-paragraph (6)(a) of the Procurement Act 2023 i.e. that the risk/s could

jeopardise the satisfactory performance of the contract but, because of its/their nature, cannot be addressed in the contract as awarded:

1. This contract includes additional service days to provide for continuous improvement and also to cover for unknown risks that may arise throughout the contract period. The additional services days may be used to cover the following as a minimum;

- Enhancement to the functionality of the solution within the scope of this contract;
- System configuration changes/upgrades;
- Enhancement or additional interface requirements;
- Technology changes - to support the introduction of new technologies;
- Changes required to the solution due to changes to legislation;

2. The Contracting Authority has concluded that there is a possibility that the contract may have to be modified as a result of a materialisation of the known risk/s at a later date in accordance with Schedule 8 paragraph 5 of the Procurement Act 2023.

Exclusions

If at any time during the procurement, or post award, it comes to the attention of the Contracting Authority (CA) or CPD, by whatever means, that a Supplier has become 'excluded' or 'excludable' as per Sec 57 of the PA 2023, the CA, after compliance with its obligations under the PA 23, reserves the right to exclude said Supplier from the procurement procedure or terminate any contract they have been awarded.

Insert appropriate reservations of rights and disclaimers of liability here consider - e.g.

The Contracting Authority expressly reserves the rights:

(I). not to award any contract as a result of the procurement process commenced by

publication of this notice;

(II). to make whatever changes it may see fit to the content and structure of the tendering

Competition;

(III). to award (a) contract(s) in respect of any part(s) of the [services] covered by this notice; and

(IV). to award contract(s) in stages.

and in no circumstances will the Authority be liable for any costs incurred by candidates.

This tender competition includes a verification stage;

Before the intention to award phase, as part of the verification process, the tenderer with the highest scoring compliant bid will be required to provide a working demonstration of their proposed solution to verify some technical requirements by way of a verification exercise

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

This competition is being conducted in accordance with the Procurement Act 2023 (PA 2023) and the Procurement Regulations 2024 (PR 2024) using a Competitive Flexible Procedure.

Once the tender assessment process as set out in the Instructions to Tenderers has been completed, the marks for the Award Criteria and for Price will be combined to identify a provisional Most Advantageous Tender (pMAT). This pMAT will be required to submit the data used by it to produce the full carbon footprint assessment at the Whole Farm-Level, Farm Enterprise-Level, and Farm Product-Level (along with the footprint) for the example/s given at the Conditions of Participation stage to a recommended Third-Party Organisation listed.

Full details are in the Instructions to Tenderers document.
