1.11.4.4831.

Description

HSE require a primary industry engagement, training and research partner for the ThinkSHARP project.

We require specialised expertise in systemic AI safety research and AI knowledge systems risk, with proven experience co-leading the SAFEHAZ project.

The Contractor will manage all primary research data collection and storage throughout the project. This includes conducting interviews and surveys with industry professionals, recording and securely storing all data. Working in collaboration with the HSE and University of Nottingham to design and apply the STPA and SOTEC Frameworks to high hazards industries. Including design on industry workshop.

Contract 1. ThinkSHARP: Cognitive Resilience in AI-Augmented Safety Systems.
