Scope

Description

The Department for Education (DfE) is establishing a Construction Framework comprising of 2 Value Bands and 10 Lots, titled Construction Framework 2025 (CF25). CF25 will operate as a closed Framework under the Procurement Act 2023.

CF25 will support the DfE's educational infrastructure delivery programmes and related initiatives, including the design and build of educational facilities such as schools, academies, university technical colleges, sixth-form colleges, and further education colleges.

CF25 will also be available to public bodies beyond the DfE (as detailed in the Tender Notice) for education schemes and ancillary facilities, with all call-offs under the overall supervision of DfE. CF25 will be accessible to all Responsible Bodies including Local Authorities in England.

Key Details:

Term: 6 years, with the option to extend for up to 2 additional years (1 + 1), from the date the Framework Agreements are entered into.

Total Value: £15.4 billion, across 2 value bands and 10 Lots.

This Contract Award Notice confirms the DfE's intention to enter into framework agreements with multiple suppliers.

UPDATE 16 December 2025. In respect of the Lot 2 South (High Value Band) only the standstill period has been extended to 05/01/2026. The date for standstill end of 16 December 2025 stated in the "Standstill period" field of this notice under the heading "Contract 2. High Value Band: South" is overridden and replaced by this update and no longer applies.

The earliest date the contract will be signed is 06/01/2026.

For the avoidance of doubt the standstill period is not extended for any other Lot.

For all Lots other than Lot 2 South (High Value Band) the standstill period will end on 16 December 2025.
