For people completing residential rehab, an accredited Ambassador programme is offered which develops credible and confident lived experience leaders, peer to peer support, and visible recovery challenging stigma

Value - Meeting Expectations - The programme they operate brings cost savings in terms of a reduced reliance on health care services that comes with addiction to drugs or alcohol, and the improvements it brings to individuals prospects for employment, education and housing situation. The quality of the residential rehab programme directly influences the long term outcomes of people as they are offered up to 24 weeks of structured support, followed by strong aftercare and follow up support.
