### **Scope**

#### **Description**

The Guinness Partnership (TGP) is seeking to establish a multidisciplinary framework to deliver a range of development consultancy services across its nationwide portfolio. The framework will support the delivery of affordable housing, building safety, and regeneration projects, and will cover the following service areas:

- Employer's Agent - including contract administration, project management, and procurement advice.
- Cost Consultancy - full financial management of projects, including budgeting, tender review, and value engineering.
- CDM Advisor and Principal Designer - ensuring compliance with Construction Design and Management Regulations and promoting health and safety throughout the lifecycle of the works.

These services will be required across England, with a focus on key regions such as Greater Manchester, London, Brighton, Milton Keynes, Bristol, Gloucester, and Leeds.

Flexibility and strong regional coverage are essential due to TGP's dispersed housing stock.

financial constraints.
