Direct award justification

Switching to direct award

To supply 4800 ECG Electrodes P-00-S/50 from Ambu UK who are not named on any Framework Agreements.

Following several incidents and issues with the current supplier of ECG Dots, the Trust took the decision to revert to the previous supplier whilst further investigations on existing dots took place. Ambu dots are available through NHS Supply Chain, but an error on the part of NHS SC chain led to a failed delivery and the Trusts urgent demand not being met. The Trust therefore engaged directly with the supplier to ensure next day delivery and the immediate circulation of the replacement dots.
