Scope

Description

The Christie Proton Beam Therapy service will be looking to replace its Pre-treatment CT scanner and MR scanner in the next few years.

As a national service, we would like to invite manufacturers to pre procurement discussions to help the Trust formulate a specification and see what current technology is available.

This would involve presentations and discussions around current systems and possible future systems that fit our timeline.

Contract dates (estimated)

- 1 April 2028 to 31 March 2038

- 10 years

Main procurement category

Goods

CPV classifications

- 33151000 - Radiotherapy devices and supplies
- 33115100 - CT scanners
- 33113100 - Magnetic resonance scanners

Contract locations

- UKD36 - Greater Manchester North West

Engagement

Engagement deadline

9 January 2026

Engagement process description

By the initial engagement deadline of 9/01/2026 organisations are invited to submit their expression of interest via the Atamis e-tendering portal at <https://health-family.force.com/s/Welcome> and contact the Trust's Head of Engineering, Shaun Atherton at shaun.atherton@nhs.net

for further information regarding presentations and discussions.
