**Section VI. Complementary information**

### **VI.3) Additional information**

This contract has been awarded under the urgent circumstances provision of the Provider Selection Regime (PSR). This contract has been awarded under the Health Care Services (Provider Selection Regime) Regulations 2023.

For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award.

On the 4th November 2025, Andrea McGee, ICB Interim Director of Finance approved this decision and no conflicts of interest were declared.

The existing CYP SLT contract expired on 29th October 2025 and the new service provider was not in a position to transfer and mobile the service by that date.

The ICB has a statutory responsibility for ensuring the provision of specialist SALT services for its registered population. For many, an inability to access this service will impact on their development, for some this could be significant and cause long-term harm. For CYP with dysphagia, no service has significant potential to result in significant harm.

Therefore, the ICB agreed to enter into a short-term contract with the outgoing provider to ensure ongoing provision whilst the required due diligence and transfer preparations are concluded by the new provider.
