Scope

Description

Wyre Council have committed to the future of Marine Hall, both as a singular space for entertainment and cultural participation and as a central element of the Fleetwood Waterfront Masterplan which embraces the Hall as an economic driver for other activity and wellbeing activities on the seafront location.

In bringing our aspirations for the redevelopment of the Waterfront Bar closer to reality, Wyre have invested approximately £35,000 in architectural design work up to RIBA 3 for this space and the adjoining kitchen. In doing so, we aim to create a daytime hospitality and hire proposition as well as a second performance space with the capacity of 110. In recognition that these changes have the potential to deliver new income streams in the future which will undoubtedly play a key part in commercial and artistic plans.
