Published 11 December 2025, 2:07pm

Scope

Reference

con_29270

Description

DfE are seeking a Supplier to develop a benchmarking application that can be accessed directly by schools.

This should allow schools to easily access price comparison across a key basket of school supply goods

from a subset of key suppliers.

The successful Supplier will work with DfE and the initial batch of participating schools to define their basket

of goods.

Products should be benchmarked on a weekly basis. Products should be matched on a "good, better and

best" matching method to ensure, where possible, value items and brand names are captured. The application

should indicate the best value option.

The first iteration of the application should be available to the first wave of participating schools by the end

of the first quarterly period (by approximately February 2026). The application will be free at the point of use

for participating schools.

The successful Supplier will hold monthly update calls with DfE and attend quarterly contract

management meetings (virtual unless otherwise arranged).

Contract 1. con_29270 - Benchmarking tool for Schools Pilot

Supplier

- TCM Technology Ltd

Contract value

- £82,250 excluding VAT
- £98,700 including VAT

Below the relevant threshold
