Scope

Reference

P3437

Description

Birmingham City Council is carrying out a high value quotation exercise for the procurement of the supply of pest control products and equipment.

Birmingham City Council (the Council) is the largest single local authority in the UK and provides pest control services to its citizens. This includes treatments for pests such as rats, mice, cockroaches, bed bugs, and wasps. Currently, the demand-led service delivers up to 10,000 rat treatments annually, alongside other pest treatments as required. The Council will contract with two suppliers to supply the products and equipment that the pest control service requires .

Total value (estimated)

- £0 including VAT

Below the relevant threshold

Submission address and any special instructions

If you wish to participate in this high value quotation exercise, please do so by accessing the opportunity through this link for the Council's e-procurement portal In-tend. <https://intendhost.co.uk/birminghamcc>. You can find this project using the project number P3437.

To access all the documents for this procurement project and to submit a tender response to this quotation you must access this project using Intend

Please use Intend's project correspondence function for any and all communications regarding this project, including requesting any clarifications that you feel are necessary.

If you are not already registered, please register with In-tend. Registration and use of In-Tend is free.

If you are unable to register with In-tend please email cps@birmingham.gov.uk.

Tenders may be submitted electronically

Yes

Award criteria

Due Diligence composed of general information + several Pass/ Fail Questions

Evaluation Criteria = Quality 20% and Price 80%

Contracts will be awarded to the two suppliers with the highest combined quality-price evaluation scores.

The supplier with the highest evaluation score will receive first option to supply all goods

under this procurement. If the supplier with the highest evaluation score cannot supply the products required then the supplier with the 2nd highest score will be approached.
