United Kingdom

NUTS code

- UKJ25 - West Surrey

National registration number

01561231

Internet address

www.btu-group.com

The contractor/concessionaire is an SME

Yes

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Framework duration extended.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The timeline in relation to both the Business Case governance and tendering process for the new iteration of the TFM framework has identified a risk that, if this process were to experience any delays, Contracting Authorities would potentially be left without a route to market for a period of time.

In order to mitigate this risk, and to ensure adequate crossover so that Contracting Authorities, having commenced Pre Market Engagement, can continue to ITT publication and award prior to the current iteration of the Framework expiring, we are extending the current iteration of the Framework for a period of 12 months.

NHS LPP will ensure that all Contracting Authorities are advised to undertake any new procurement processes under the new iteration of the Framework as soon as it is awarded and to only continue using the extended current iteration to complete processes that have already commenced.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £5,800,000,000

Total contract value after the modifications

Value excluding VAT: £5,800,000,000
