This Intent to Award Notice was originally published on 4 November 2025 using the F01: Prior Information Notice template due to technical issues with the F03: Contract Award Notice template. The original notice can be found using the following Notice identifier: 2025/S 000-070792, or via the following link: <https://www.find-tender.service.gov.uk/Notice/070792-2025?>

This re-publication of the Intent to Award Notice for the Pan-London Domiciliary Care AQP contract using the F03: Contract Award Notice template is solely a technical and administrative action. All information contained in the original Intent to Award Notice published on 4 November 2025 remains unchanged, and this notice does not amend the award decision, re-start or extend the standstill period, or otherwise alter the terms of the procurement outlined in the original notice. This is a Provider Selection Regime (PSR) confirmation of contract award notice. This contract has been awarded under the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award. This contract has now been formally awarded using Direct Award Process C.

The contract was awarded, and services commenced, on 1 December 2025. The contract has a three-year term with an optional 2-year extension.

Reviews of any award decisions were undertaken by the London Purchased Healthcare (LPH) Team, with additional financial evaluations completed by the LPH Team and financial evaluators from the contracting authorities. There are no conflicts of interest to declare.

The approximate lifetime value of the contract is £265m. The approximate lifetime value has been determined based on current estimated Domiciliary Care AQP spend for the ICBs, calculated as the hours of care active in April 2025 multiplied by the Contract Rates (as of November 2025), and scaled to a 5-year period (the contract term is three years with an optional two-year extension). Note the contract does not guarantee activity to any individual provider and as such the lifetime value of each contract cannot be determined. The actual spend and amounts payable to providers will depend on the number of packages made with providers. Packages will be commissioned at the rates set out in Schedule 3: Local Prices of the Contract Particulars. These rates are subject to an annual price review.
