## **Eastern Region Level Crossing Lift & Replace**

NETWORK RAIL INFRASTRUCTURE LIMITED

UK2: Preliminary market engagement notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-082814

Procurement identifier (OCID): ocds-h6vhtk-05f582

Published 15 December 2025, 11:21am

### **Scope**

#### **Description**

Network Rail (Eastern) is seeking supplier feedback to inform the design and delivery of a future procurement for the lift and replace of Level Crossings and RRAPs across the Eastern region. The framework will cover planned, reactive, and minor works associated with RRAPs and level crossings, including surface dressing, white lining, reinstatement, and minor civil activities.

The Lift and Replace works generally comprise of taking up and carefully setting aside on site, level crossings of various proprietary and non-proprietary composite constructions to allow for rail maintenance work to take place. Then on completion of the maintenance work by others, later taking from store and reconstructing the level crossing, re-setting to line and level, return crossing to safe road and rail traffic use at the respective road and rail speeds.

Renewals works to include removing cill beams, removing tarmac, removing anti peds, removing deck units, reinstating and renewal of level crossings and tarmac approaches including associated white lining, by installing new cill beams, new deck units and renew tarmac (predominantly stop line – stop line), though may be beyond, depending on Nairns profiles.

The following RICCL codes will be required to be awarded a place on the framework:

C.C.3.4.7.6X - Level Crossing Stiles, Gates & Barriers - Installation

C.D.7.5X - Authorised Walking Routes & Access Points - Installation

C.D.8.4X - User & Footpath Crossing Surfacing - Installation

### **Commercial tool**

Establishes a framework

### **Total value (estimated)**

- £24,000,000 excluding VAT
- £28,800,000 including VAT

Above the relevant threshold

### **Contract dates (estimated)**

- 1 January 2027 to 31 December 2030
- Possible extension to 31 December 2031
- 5 years

### **Main procurement category**

Works

### **CPV classifications**

- 45234140 - Level crossing construction works
- 45233251 - Resurfacing works

## **Contract locations**

- UK - United Kingdom
- 

## **Engagement**

### **Engagement deadline**

19 January 2026

### **Engagement process description**

This pre-market engagement is to establish interest in a Level Crossing lift and replace framework with the inclusion of minor renewals. The proposed framework would be for Eastern region only.

A Microsoft Form is available <https://forms.office.com/e/VxDNvSj1En>

Please state on the final question of the form if you wish to have a call with Network Rail representatives in regard to this pre market engagement.
