THE WASTE AND RESOURCES ACTION PROGRAMME

UK6: Contract award notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-083796

Procurement identifier (OCID): ocds-h6vhtk-051587 ([view related notices](#))

Published 17 December 2025, 12:27pm

### **Scope**

### **Reference**

PRC137

### **Description**

The objective of this work is to obtain a bespoke waste Environmental Permit for Torfaen County Borough Council's (TCBC) Blaenavon Recycling Facility ('the site').

As part of its local authority support, WRAP Cymru's Collaborative Change Programme (CCP) is supporting TCBC to design, develop and operate its new waste transfer station (WTS) facility in Blaenavon. This project will form part of the wider strategic and operational support provided to the Local Authority (LA).

---

## **Lot Lot 2. Local Authority Recycling and Waste Management Service Implementation and Roll-Out**

### **Description**

Lot 2 covers the provision of advice to local authorities in England, Northern Ireland and Wales on the implementation and roll out of recycling and waste management services either directly by the local authority or with a contractor. The services to be covered include:

- collections of dry recycling, food waste, garden waste and residual waste from household and business premises,
- Household Waste Recycling Centres (HWRCs),
- materials handling and sorting facilities,
- any other emerging services.

The advice provided by WRAP will be in support of the policy priorities within each of the nations. This work will involve supporting the identified local authority to gain a full understanding of the changes planned and the actions required to implement those changes; liaising with key officers to support and develop a detailed mobilisation plan which will cover all all-key works streams associated with the service change; and support to identify, monitor, manage and mitigate any high risks to the project and overall implementation support to roll out the service change.
