Description

Nottinghamshire County Council are currently in the process of developing a specification to deliver a framework of Providers who can offer care for children with multiple presenting needs including care for those children displaying sexualised behaviours.

This exercise is designed to gather insights from you about capacity, appetite, challenges, and innovative approaches to delivering care for children who display sexualised behaviour, and for those who may have convictions.

Your feedback will help us better understand market conditions, refine our commissioning strategy, and ensure that any potential future framework is informed by provider experience.
