Scope

Description

The London Borough of Barking and Dagenham is commissioning an all-age Technology Enabled Care service to support residents' health, wellbeing and social care needs. The service will be delivered via a hybrid model across two Lots and will be provided by organisations that share our values and are committed to high standards, innovation and continuous improvement.

Our vision is to give residents choice and control, keeping people safe and well at home for as long as possible. TEC should help residents maintain their independence, quality of life and connection to their communities, and be a routine part of how social care support is planned and delivered
