Contract

PROC 7514 - Electrical sub-station upgrade programme

London Fire Commissioner

UK7: Contract details notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-084115

Procurement identifier (OCID): ocds-h6vhtk-054662 ([view related notices](#))

Published 18 December 2025, 9:03am

Scope

Description

The London Fire Commissioner is engaged in a Carbon Net Zero programme in support of the Lord Mayors Carbon Net Zero plans (CNZ) for 2030. The reduction in carbon emissions relies more heavily on electric consumption, this increasing demand requires sub-station upgrades across our estate as part of that holistic solution. As part of our approach, we seek to electrify our fleet of vehicles which adds considerably to a restructure of our electrical supply solution.

We seek Independent Connection Providers to deliver this stage of our upgrade Works to the sixteen (16) Fire Stations listed within the ITT documentation and listed below for completeness.

Premises Required site supply (kva)
