UOE/2025/038/JU

Description

At the University of Exeter, our Research Facilities play a vital role in supporting world-class research and innovation. These facilities provide specialist spaces, equipment, and technical expertise across a range of disciplines, and are used by internal academic teams as well as commercial and industry partners. A key objective for the Research Facilities Digital Management System is to enable more effective cost recovery across Research Facilities, while supporting streamlined operations management.
