## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Specialist Analytical Service for NRW

Reference number

86123

#### **II.1.2) Main CPV code**

- 71900000 - Laboratory services

#### **II.1.3) Type of contract**

Services

### **II.2) Description**

#### **II.2.2) Additional CPV code(s)**

- 71900000 - Laboratory services

#### **II.2.3) Place of performance**

NUTS codes

- UKL - Wales

Main site or place of performance

NRW Analytical Services, Faraday Building (2nd Floor), Singleton Park Campus, Swansea University, Swansea, SA2 8PP. Collection points for samples to be agreed during implementation.

#### **II.2.4) Description of the procurement at the time of conclusion of the contract:**

NRWAS manage an outsourced analysis contract for the wider business, delivering samples from our laboratory to a third-party laboratory for analysis. The reasons for outsourcing are generally when specialised methods are yet to be developed by NRW or where setting up in-house capability is uneconomical due to low sample numbers. The samples are collected from a range of matrices; including freshwater, trade, treated sewage, saline, biota and sediment. Reporting limits are often required in low, or very low ranges.

This Invitation to Tender is for a contract to provide NRW with water quality and environmental analysis and for providing results in a suitable format. The contract also includes the provision of a refrigerated courier service to collect samples from an agreed location.

#### **II.2.7) Duration of the contract, framework agreement, dynamic purchasing system or concession**

Start date

13 September 2021

End date

31 December 2024

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

## **Section IV. Procedure**

### **IV.2) Administrative information**

#### **IV.2.1) Contract award notice concerning this contract**

Notice number: [2021/S 000-022961](#)

---

## **Section V. Award of contract/concession**

### **Contract No**

86123

### **Title**

Specialist Analytical Service for NRW

### **V.2) Award of contract/concession**

#### **V.2.1) Date of conclusion of the contract/concession award decision:**

7 September 2021

#### **V.2.2) Information about tenders**

The contract/concession has been awarded to a group of economic operators: No

#### **V.2.3) Name and address of the contractor/concessionaire**

RPS Environmental Management Limited

13 St Martins Way, Bedford

Bedfordshire

MK420LF

Telephone

+44 1623663372

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

**V.2.4) Information on value of the contract/lot/concession (at the time of conclusion of the contract;excluding VAT)**

Total value of the procurement: £800,000

## **Section VII: Modifications to the contract/concession**

### **VII.1) Description of the procurement after the modifications**

#### **VII.1.1) Main CPV code**

- 71900000 - Laboratory services

#### **VII.1.2) Additional CPV code(s)**

- 71900000 - Laboratory services

#### **VII.1.3) Place of performance**

NUTS code

- UKL18 - Swansea

Main site or place of performance

NRW Analytical Services, Faraday Building (2nd Floor), Singleton Park Campus, Swansea University, Swansea, SA2 8PP. Collection points for samples to be agreed during implementation.

#### **VII.1.4) Description of the procurement:**

NRWAS manage an outsourced analysis contract for the wider business, delivering samples from our laboratory to a third-party laboratory for analysis. The reasons for outsourcing are generally when specialised methods are yet to be developed by NRW or where setting up in-house capability is uneconomical due to low sample numbers. The samples are collected from a range of matrices; including freshwater,

trade, treated sewage, saline, biota and sediment. Reporting limits are often required in low, or very low ranges.

This Invitation to Tender is for a contract to provide NRW with water quality and environmental analysis and for providing results in a suitable format. The contract also includes the provision of a refrigerated courier service to collect samples from an agreed location.

#### **VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession**

Start date

13 September 2021

End date

31 December 2026

**VII.1.6) Information on value of the contract/lot/concession (excluding VAT)**

Total value of the contract/lot/concession:

£1,456,214.88

**VII.1.7) Name and address of the contractor/concessionaire**

RPS Environmental Management Limited

13 St Martins Way, Bedford

Bedfordshire

MK420LF

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

**VII.2) Information about modifications**

**VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Implementation of 12-month extension option to 31/12/2026.

Rates to increase by 6%. The modification relates to regulation 72 of the Public Contracts Regulations 2015 clause 72(1)(c).

Maximum variation value is 399747 GBP. This includes 151727 GBP contingency estimates for emergency use only for if additional analysis is required during the HVAC

improvement works at NRWAS in early 2026.

### **VII.2.2) Reasons for modification**

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

1. Case for Change
2. Direct Data Capture System delayed Roll-out
3. Lack of confirmed monitoring plans for 2026/7-2031
4. Ongoing HVAC issues
5. Changing analytical requirements mid-year
6. Courier supplier performance issues

The LIMS Admin team, already under significant pressure and reduced capacity, would be responsible for implementing a new contract, a process that previously took 7 months. Delays to the rollout of the Direct Data Capture system and the inability to automate 3rd party data uploads have further limited resource.

The complexity of launching an internal waste analysis service and the need for full Chain of Custody arrangements also require stability and time to become fully embedded.

Attempting to procure a new supplier now, in the absence of confirmed long-term monitoring plans, would carry considerable risk. It may also result in a poorly defined specification, reduced supplier interest, and implementation difficulties.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £1,056,467.88

Total contract value after the modifications

Value excluding VAT: £1,456,214.88
