Description

Oxfordshire County Council is inviting tenders for an approximately 3km surfacing project along an existing public right of way. The route will be a family friendly walking route, with permission for cycles to use it too - and with horses able to use a short bridleway section.

The Project is divided into 3 sections and tenders are to be submitted for the works on all 3 sections. Only ONE contractor will be awarded the contract for ALL 3 sections. Each section consists of the same type of surfacing, but with different width restrictions, land ownerships, access points and compound areas. Ideally each section would be undertaken concurrently but there may be the option to pause a section and reschedule, for example if weather conditions deteriorate.
