Planning

Gaseous Hydrogen Supply for Experimental Programme

Health and Safety Executive

UK3: Planned procurement notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-085303

Procurement identifier (OCID): ocds-h6vhtk-05fb56

Published 22 December 2025, 11:16am

Scope

Description

HSE require the supply of hydrogen gas for use during a research test programme. The gas is intended to be used by piping into an existing pressure reduction system which will meter the gas through to a flow management system.

Two deliveries are required between 2027 - 2028, each delivery may be up to 800 kg of hydrogen.

The gas supply is required for use at the HSE Buxton (SK17 9JN) test site.

HSE is seeking to understand the potential cost and implications of this supply.

Suppliers should email tenders@hse.gov.uk with any questions and costs associated with supplying the above.

Contract dates (estimated)

- 1 March 2026 to 30 June 2028
- 2 years, 4 months

Main procurement category

Goods

CPV classifications

- 24100000 - Gases
