NUTS code

- UK - United Kingdom

Main site or place of performance

These digital services are primarily available to teachers and education settings within England and the United Kingdom.

VII.1.4) Description of the procurement:

This contract is for the design, development, and delivery of a Digital Support Hub under the Department for Education's Sustainability Leadership and Climate Action Plans programme. The Support Hub provides guidance to improve capability and confidence for individual education settings to embed climate change and sustainability in their operations.

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

15 December 2025

End date

31 March 2026

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession:

£2,908,200

VII.1.7) Name and address of the contractor/concessionaire

TPX Impact Limited

2 Whitechapel Road, 2nd Floor, The Hickman

London

E1 1EW

Country

United Kingdom

NUTS code

- UKI - London

National registration number

06472420

Internet address

<https://www.tpximpact.com/>

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

This modification introduces additional services to address gaps in the current provision and enhance the quality of content available on the platform. It includes design and functionality improvements to optimise the user experience of the Sustainability Support for Education hub. Furthermore, Key Performance Indicators previously agreed during contract management meetings are now formally incorporated into the contract. These additional services total £126,650 (exclusive of VAT).

Please note. This modification does not extend the duration of the contract, which was

previously extended under the contract's extension clauses and in line with Regulation 72(1)(a), at a value of £403,550 (exclusive of VAT) until 31 March 2026.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Due to the Department's obligation to reduction the carbon emissions of the Education Estate, and due to the voluntary nature of the Climate Ambassadors programme, the need to increase user engagement and site decarbonisation resources has become necessary.

As TPx have designed and developed bespoke digital tools under this contract, and as there is a need to assess and improve the performance of these services, this requirement is not interchangeable with other suppliers for technical reasons.

Due to the above technical barriers, a change in contractor would result in substantial duplication of costs. This is because the Department would incur considerable expense in training a new contractor to develop a comprehensive understanding of the services, which is required to assess the contract's current gaps and identify ways to improve its performance.

The original contract value was £2,378,000. All cumulative variations to date total £530,200, amounting to 22.30% of the original contract value.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £2,781,550

Total contract value after the modifications

Value excluding VAT: £2,908,200
