Description

Border to Coast intends to appoint a partner organisation to support core capabilities necessary to manage its existing infrastructure and achieve its future ICT objectives. This includes the oversight of the existing infrastructure and provision of corporate ICT solutions to enable Border to Coast to operate its core business using latest technologies deployed in a modern and flexible environment. The ICT Managed Service will manage and oversee the cloud based collaborative platform to allow Border to Coast to manage and deliver its investment portfolio effectively and securely. This will include hardware,

infrastructure, communications, service support, cyber and data resilience capabilities.

Border to Coast currently operates on a single site with circa. 180 users, and has adopted standard Microsoft 365 solutions, with additional Business Central (Finance), CRM and Data modules deployed across the business.
