### **Scope**

#### **Description**

? A range of demand projections and modelled capacity requirements, scenarios and options, based on planning assumptions.

? Navigation of the NHP demand modelling process, mapping of outputs to local baseline activity and case mix, and conversion to capacity requirements.

? Interpretation of outputs with Trust stakeholders, and translation into functional content with health planners.

? Presentation of outputs to Trust and wider audiences and production of demand/capacity documentation as required, including business case sections and appendices.

? Contribution to activity-related workforce modelling and medium-term operational planning.

? As many interactive sessions as it takes to complete the work.
