## Monitoring of School Attendance

Wolverhampton City Council

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-086178

Procurement identifier (OCID): ocds-h6vhtk-059e6e ([view related notices](#))

Published 24 December 2025, 3:01pm

### Changes to notice

This notice has been edited. The [previous version](#) is still available.

The specification has been updated to clarify requirements for compliance with UK data protection law (UK GDPR) and ICO guidance regarding international transfers of personal data.

Please review the updated tender documents available at [www.wolverhamptontenders.com](http://www.wolverhamptontenders.com) and ensure your submission reflects these requirements. Previous submissions may be revised before the new deadline.

The submission deadline has been extended to allow sufficient time for bidders to review the changes and to accommodate the festive season. The new submission deadline date is 16 January 2025.

## Scope

## Reference

CWC25142

## Description

Monitoring of School Attendance of Children and Young People in Care and Children and Young People with an Education, Health & Care Plan (OOC).

Wolverhampton City Council (the Council) has a statutory duty to monitor the school attendance of children and young people in care placed in out-of-city independent placements, and for children and young people with Education, Health and Care Plans (EHCPs) attending out-of-city education settings. This duty is primarily governed by the Education Act 1996 and relevant Department for Education (DfE) statutory guidance.

To fulfil this responsibility, the Council requires a service provider capable of delivering a robust service for collecting and monitoring attendance data for these two cohorts.

The overarching aim is to improve school attendance among Wolverhampton pupils placed outside the city by delivering an effective, responsive, and informative service. This will enable the Council to identify and address poor attendance early, ensuring timely intervention in cases of unauthorised absence.

The provider will be expected to achieve the outcomes outlined in the performance indicators and the successful provider is expected to deliver as follows:

- \* Implement a robust and efficient attendance monitoring service that ensures accurate and timely collection of attendance data for all education provisions.
- \* The service should support multiple methods of data acquisition to maximise coverage and reliability. This may include:
  - Automated extraction of attendance data from education management systems, where integration with the school or setting's system is both feasible and secure,
  - Alternative communication methods, such as direct phone call with provisions or

settings, to ensure attendance data is captured even where MIS integration is not possible.

### **Total value (estimated)**

- £171,052 excluding VAT
- £205,262 including VAT

Below the relevant threshold

### **Contract dates (estimated)**

- 1 April 2026 to 31 March 2029
