Scope

Description

Our expanding number of projects require a new public-facing website to showcase the projects, initiatives, and support offered by the Hampshire Economy and Skills Team, including Growth Hub events, skills bootcamps, apprenticeship support, and sector clusters.

Due to Devolution and Local Government reform in Hampshire it has been agreed that this website will be created in a portal format to facilitate changes in the future.

The website will feature enquiry forms for each section, collecting names, email addresses, contact numbers, and postcodes from the public to assess eligibility for support. All personal data will be securely stored on Evolutive and deleted according to funders retention policies.
