11. EVALUATION CRITERIA

To ensure that tenders are evaluated fairly, the tables below aim to identify the scoring criteria and evaluation methodology:

Scoring system

Play Value 35%

Design Rationale 30%

Inclusivity 15%

Durability 10%

Program of works 5%

References 5%

A standard 0-5 point scoring system will be used and is detailed below:

- 0 Unacceptable: Non-compliant / deficient for the criteria used;
- 1 Poor: Limited response which is lacking sufficient detail or is inaccurate;
- 2 Below expectations: Minimal achievement of requirements with weaknesses or omissions;
- 3 Adequate: Reasonable achievement of requirements with weaknesses or omissions (which would be difficult to overcome);
- 4 Good: Comprehensive response, detailed and relevant with no inconsistencies;
- 5 Excellent: Exceptional submission, demonstrating high ability, understanding and experience to deliver the project to a high standard.

The score for each section will then be divided by the maximum number of marks for that question and then multiplied by the weighting to give a weighted score for that element.

For example, the score for a 50% weighted section where 2 out of 5 possible marks is scored will be calculated as follows:

$2/5 \times 50 = 20\%$ for that section

Each section will then be added together for an overall mark out of 100%.

The evaluation of the tender processes will be carried out by the Clerk and an approved group of three councillors and be reviewed and approved by full council.

12. PROCUREMENT PROCESS

The procurement process will be conducted and in compliance with The Procurement Act 2023. The objective is to be fair, transparent and proportionate based on the type of project and to ultimately selection the most economically advantageous tender.

The tender process will be by open tender.

The play area is an open site and suppliers are welcome to visit the site at their own convenience without penalty.

All questions and requests for clarification should be by email and will, subject to there being a confidentiality issue which cannot be resolved, posted to a dedicated page on the Parish Council's website for all potential bidders to see.

13. EVALUATION AND AWARD CRITERIA

All Tenderers shall provide all the information requested in the tender pack.

In the interest of transparency with the exception of the covering letter, all presented information within the tender including designs should be anonymised with no identifying logos or hyperlinks.

Unclear Tenders may be discounted in evaluation. The Parish Council reserves the right to seek clarification.

To ensure that Tenders are evaluated on a consistent basis it is essential that responses are made to all the requirements listed within this document and are clearly reference to specific evaluation criteria.

The Parish Council will collate its findings and make the final selection of the preferred Contractor.

The Parish Council's decision is final and will reflect the offer that most meets all the specifications and public expectations.
