## 2 BACKGROUND

### 2.1 Introduction

This section provides you with background information on the GLA 82420 New Year's Eve (NYE) Events Framework tender, which is being led by Transport for London ("TfL").

TfL requires a contract to be put in place for May 2026; TfL is conducting a competitive tender for this contract for a duration of 4 years. There will be optional call-offs for each year (i.e. 1+1+1+1).

An annual call-off contract will be awarded following GLA budget approval.

The creative and technical specification for each call-off will be developed annually allowing lessons learnt to be incorporated from the previous year by the GLA with consultation with agencies and broadcast partner(s). London's New Year Fireworks have been staged by the Mayor of London since 2003, the event has historically been screened live on BBC television and has attracted an audience of over twelve (12) million.

From 2014, ticketing has been introduced for an audience of around 100,000. However, following the impact of the COVID-19 pandemic, New Year's Eve (NYE) 2020 moved away from the usual public ticketed New Year's Eve (NYE) fireworks display, and instead delivered a broadcast only pyrotechnic, light and drone show in a multitude of locations across London which attracted a viewing of over fifty (50) million people globally.

This framework will allow flexibility in responding to the specific needs and requirements of delivering a world class show for London on New Year's Eve, in an environment that can often be uncertain or changing.

### 2.2 Transport for London – Overview

TfL was created in 2000 as the integrated body responsible for London's transport system. TfL is a functional body of the Greater London Authority. Its primary role is to implement the Mayor of London's Transport Strategy and manage transport services to, from and within London.

TfL manages London's buses, the Tube network, Docklands Light Railway, Overground and Trams. TfL also runs Santander Cycles, London River Services, Victoria Coach Station, the Emirates Air Line and London Transport Museum. As well as controlling a 580km network of main roads and the city's

6,000 traffic lights, TfL also regulates London's taxis and private hire vehicles and the Congestion Charge scheme.

Further background on what TfL does can be found on the TfL website here:

<https://tfl.gov.uk/corporate/about-tfl/what-we-do>

### 2.3 Greater London Authority – Overview

GLA is a statutory corporation established in 2000 under the Greater London Authority Act 1999. The GLA Act provides for the governance of Greater London by the GLA. Its principal purposes are the promotion of economic development, social development, wealth creation and improvement of the environment of Greater London. This tender is being commissioned by the City Operations Unit.

The City Operations Unit are responsible for the GLA's strategic role in planning, advising and management of high impact events across the city where there is likely to be significant impact to business as usual, the transport network, public order and/or other major disruption to the capital; this includes the development and delivery of the GLA's response protocols in the event of a major incident, rising-tide scenarios and other major disruption type events and incidents.

The City Operations Unit provides a 24-hour duty function for the GLA ensuring that information is received and disseminated in as close to real time as possible. The Unit is also responsible for leading the pan-London coordination for major ceremonial events in the Capital.

## 4 BIDDERS' TENDERS

### 4.1 Introduction

The purpose of this section is to provide you instructions on how to structure and present your tender to enable TfL to carry out its evaluation of your tender.

Whilst TfL is not restricting the length of your tender, you should place emphasis upon brevity and clarity in all aspects of your tender. Tenders should also be concise, contain only relevant information and be structured to reflect the category and modular structure of this ITT. You should note that:

- all documents and materials, which comprise the tender, must be written in English;
- the tender must contain table of contents, which includes all appendices that detail each part of your tender;
- the response to each module of the ITT must begin on a new page and must be in the sequence set out in this Volume 1;
- the name and number of the relevant module of the ITT must appear at the top of each page of the part of your tender, which relates to that module;
- all additional information, which is outside the scope of the information specifically requested in the modules, must be in clearly referenced annexes. However, TfL reserves the right not to take the additional information into account, when it evaluates the tender; and
- all tenders become the property of TfL upon submission and will be subject to the Freedom of Information Act 2000 (see [Paragraph 6.2](#) for further details).

Your tender must comprise two (2) elements:

## 5 RESPONSE EVALUATION

### 5.1 Introduction

The evaluation process will be conducted in a fair, equal and transparent manner in accordance with UK and EU procurement rules.

The award criteria have been developed to assist TfL in deciding which bidder to award a contract to on the basis that their response represents the most advantageous tender. The award criteria are for use by those bidders, who have been invited to tender for the proposed contract, their professional advisers and other parties essential to preparing responses to the ITT and for no other purpose.

At a later stage you may be asked to confirm that there has not been a material change to:

- information you provided earlier e.g., via the Central Digital Platform/Find a Tender which may impact on your eligibility to tender, or
- your tender, which may change the evaluation results.

Failure to disclose all material information (facts that we regard as likely to affect our evaluation process), or

of false information at any stage of this procurement process may result in ineligibility for award. You must provide all information requested and not assume that TfL has prior knowledge of any of your information.

We actively seek to avoid conflicts of interest and reserve the right to reject tenderers as ineligible where we perceive an actual or potential conflict of interest. You must advise and discuss all potential conflicts of interest with the TfL contact named in section 3.8 prior to submission of your completed tender.

Completed tenders will be evaluated by TfL Commercial staff, supported by other subject matter experts:

- each question will be scored as indicated in the relevant appendix;
- pass/fail criteria will apply as indicated, and failures will be allocated where threshold scores for failure are indicated;
- indicated weightings will be applied to scored responses, and those tenders with no fails will be ranked;
- selection criteria (Procurement specific questionnaire (PSQ)) will be revisited and any changes verified for continuing eligibility to tender

## 5.2 Abnormally Low Tender

Your price proposal will be reviewed to consider if it appears to be abnormally low. An initial assessment will be undertaken using a comparative analysis of the price proposal received from all bidders, with reference to the methods proposed by you.

If the assessment shows that your tender may be abnormally low, then TfL will request from you a written explanation of your tender, or of those parts of your tender, which TfL considers contribute to your tender being abnormally low.

On receipt of your written explanation, TfL will verify with you the tender or parts of the tender.

If TfL is still of the opinion that you have submitted an abnormally low offer, TfL will confirm this to you and will advise either:

- that your tender has been rejected; or
- that, for tender evaluation purposes, TfL will make an adjustment to the price proposal to take account of any consequences of accepting an abnormally low tender.

TfL reserves the right to award the Agreement in whole or in part or not at all as a result of the tendering competition commenced by the Find a Tender Service (FTS) Notice [ocds-h6vhtk-05248f](#).

In submitting a response to this ITT you undertake that the principles described in this section have been, or will be, brought to the attention of all consortium members, sub contractors, and associated companies which are or will be providing services or materials connected with your response.

## 6.7 Accuracy of Information

In submitting a response to this ITT you undertake that:

- all information contained in any response at any time provided to TfL in relation to the Agreement is true, accurate and not misleading and that all opinions stated in any part of a response are honestly held and that there are reasonable grounds for holding such opinions;

## 6.9 Changes in Circumstances

You (including, for this purpose, each participant in any joint venture, consortium arrangement) is required to inform TfL promptly and in any case no later than fourteen (14) days, after the occurrence of:

- any change to your corporate structure from that set out in your response to the Procurement specific questionnaire (PSQ). This includes the grant of any options to acquire shares, any agreement relating to the exercise of rights attaching to such shares, and any material amendments to a shareholders' agreement, articles of association or similar constitutional documents;
- any changes to any other information provided to TfL as part of the pre-qualification process; or
- any other change to your circumstances, or the basis of your response to the PSQ, which may be expected to influence TfL's decision on your suitability for qualification for receipt of this ITT or to be selected as a supplier

TfL reserves the right to approve (subject to conditions) or reject the changes referred to above (including any changes to the basis on which you pre-qualified to receive this ITT). A rejection of the changes may result in you being excluded from further participation in the procurement process.

TfL reserves the right, and may in certain cases be required under the procurement rules, to disqualify any bidder that has been selected to receive this ITT where the composition of the bidder's bid vehicle, joint venture or consortium has changed after the announcement of those bidders who pre-qualified to receive this ITT. You are therefore advised to discuss any proposed changes of this nature with TfL before they are put into effect.

Where, following notification to TfL by you, at any stage, of a material change in any of the information provided in your response to the PSQ (or failure to give such notification), TfL is of the opinion that you do not have, or are unlikely by the date of commencement of the contract/agreement to have an appropriate financial position, technical capacity or managerial competence, or are otherwise an unsuitable person, to be a supplier, TfL reserves the right to disqualify you from the procurement process.

## 6.10 Conflict of Interest

If any conflict of interest or potential conflict of interest between you, your advisers, TfL's advisers or any combination thereof becomes apparent to you, you shall inform TfL immediately. In such circumstances, TfL shall, at its

absolute discretion, decide on the appropriate course of action. If TfL becomes aware of any conflict of interest that you have not declared to TfL, you may be disqualified from the procurement process.

#### 6.12 Selection of Suppliers

Before selecting you as a supplier, TfL reserves the right to check and confirm:

- your financial standing (including each member of any consortium and of any key sub contractor); and/or
- your qualifications and resources, including verifying all or part of your tender, each in the context of any changes that may have occurred since pre-qualification.

#### 6.13 Data Transparency

The UK government has announced its commitment to greater data transparency and there is a requirement to publish a redacted contract. Accordingly TfL reserves the right to publishing its tender documents, contracts and data from invoices received.
