Z7.5

The *Client* does not exercise reason T4 if the *Consultant* agrees that it, within the *period for reply* or any other period agreed by the *Client* via the *Service Manager*

- stops the use of the subcontractor which is an Excluded Supplier or Excludable Supplier or
- procures that its subcontractor stops the use of the subsubcontractor which is an Excluded Supplier or Excludable Supplier and

and if necessary, finds an alternative subcontractor or procures that its subcontractor finds an alternative subsubcontractor (as applicable). The

- *Consultant* ceasing the use of such subcontractor and if necessary, finding an alternative subcontractor or
- the subcontractor ceasing the use of the subsubcontractor and if necessary, finding an alternative subsubcontractor

is not a compensation event.

Z7.6

If Options C or E apply to the contract,

 - the termination of the subcontract and

- the procurement of a replacement subcontractor and
- any costs resulting from stopping of the use of a subsubcontractor which is (or becomes) an Excluded Supplier or Excludable Supplier, including

including any direct or indirect cost of delay to Providing the Services are not Time Charge.

- Z7.7 The procedure and amount due on termination are the same as for
- R18 for reasons
 - T1 and T2 if the modification or infringement was due to a default by the *Consultant* or
 - T3 and T4,
 - R19 for reasons T1 and T2 if the modification or infringement was due to a default by the *Client* or
 - R20 for reason T2 if the modification or infringement was due to any other reason.

- Z7.8 If the *Consultant* fails to comply with this clause Z7 then such failure is treated as the *Consultant* having substantially hindered the *Client* or Others.

Z8 Subcontracting

- Z8.1 Not used.
- Z8.2 If the *Consultant* subcontracts work to an Associated Company, the Time Charge of the work subcontracted is assessed as if the work had not been subcontracted.
- Z8.3 The *Service Manager* may, having stated the reasons, instruct the *Consultant* to remove a subcontractor (at any stage of remoteness from the *Client*). The *Consultant* then arranges the removal of the subcontractor (at any stage of remoteness from the *Client*) and the appointment of a replacement in accordance with the contract.
- Z8.4 Not used.
- Z8.5 Before
- appointing a proposed subcontractor or
 - allowing a subcontractor to appoint a proposed subsubcontractor
- the *Consultant* submits to the *Service Manager* for acceptance
- a statement regarding the proposed subcontractor or subsubcontractor confirming

- confirming whether any Mandatory Exclusion applies to it, a Connected Person or an Associated Person
- confirming whether any Discretionary Exclusion applied to it, a Connected Person or an Associated Person

and if so, whether the circumstances giving rise to the application of any exclusion ground are continuing or likely to occur again and the *Consultant* includes the evidence and other matters set out in the “Procurement Act 2023” section 58 (see link in **Annex 02**) and

- is not on the Debarment List,
- a statement confirming that any Associated Person is not on the Debarment List and
- details of any RIDDOR Incident under any contract for which the proposed subcontractor or subsubcontractor is responsible and of any Enforcement Action brought against the proposed subcontractor or subsubcontractor.

The *Consultant* provides to the *Client* (via the *Service Manager*) any further information requested by the *Service Manager* to enable the *Client* to determine if a proposed subcontractor or subsubcontractor is an Excluded Supplier or an Excludable Supplier.

Z8.6

The *Consultant* does not appoint the proposed subcontractor (or allow the subcontractor to appoint the proposed subsubcontractor) until the *Service Manager* has accepted the submission. A reason for not accepting the submission is that

- the *Consultant* has not supplied sufficient information to enable the *Client* to determine if the proposed subcontractor or subsubcontractor is an Excluded Supplier or and Excludable Supplier,
- the proposed subcontractor or subsubcontractor is an Excluded Supplier or and Excludable Supplier or
- the *Service Manager* is not satisfied that the proposed subcontractor or subsubcontractor has put in place adequate measures to ensure that similar matters to the RIDDOR Incident or the event giving rise to Enforcement Action will not occur.

If the *Consultant* appoints a subcontractor or does not prevent a subcontractor appointing a subsubcontractor before the *Service Manager* has accepted the proposed subcontractor or subsubcontractor, then

- where Option C or E is used, the relevant subcontractor’s costs are not Time Charge or if the item is a lump sum in the Task Schedule, the activities the relevant subcontractor is working on are not completed for the purposes of the Price for Service Provided to Date or
- where Option A is used, the activities the relevant subcontractor is working on are not completed for the purposes of the Price for Service Provided to Date.

Z8.7 If requested by the *Service Manager*, the *Consultant* provides further information to support, update or clarify a submission under clause Z8.5.

Z8.8 If, following the acceptance of a subcontractor or subsubcontractor under clause Z8.6, it is found that the subcontractor or subsubcontractor

- is an Excluded Supplier or an Excludable Supplier or
- has not put in place adequate measures to ensure that similar matters to the RIDDOR Incident or the event giving rise to Enforcement Action will not occur

the *Service Manager* may instruct the *Consultant* to

- replace the subcontractor or
- require the subcontractor to replace the subsubcontractor.

Such an instruction is not a compensation event.

Where main Option C, or E is used, following such an instruction, the *Consultant*, with due diligence,

- replaces the relevant subcontractor or
- requires the subcontractor to replace the relevant subsubcontractor

and

- any costs resulting from stopping of the use of a subcontractor which is (or becomes) an Excluded Supplier or Excludable Supplier, including
 - the termination of the subcontract and
 - the procurement of a replacement subcontractor and
- any costs resulting from stopping of the use of a subsubcontractor which is (or becomes) an Excluded Supplier or Excludable Supplier, including
 - the termination of the subsubcontract and
 - the procurement of a replacement subsubcontractor

the relevant subcontractor's costs are not Time Charge.

If the *Consultant* does not stop the use of such subcontractor or such subsubcontractor within three days of the instruction, then the *Service Manager* advises the *Consultant* that it is not acting with due diligence and after three days of such instruction

- where Option C or E is used, the relevant subcontractor's ongoing costs are not Time Charge or where such subcontractor or such subsubcontractor is working on a lump sum item in the Task Schedule the activities or part there of the relevant subcontractor is working on are not completed for the purposes of the Price for Service Provided to Date or

- where Option A is used, the activities or part there of the relevant subcontractor is working on are not completed for the purposes of the Price for Service Provided to Date.

Z8.9

The *Consultant* submits

- the name of each proposed subcontractor and its competence to undertake the relevant proposed subcontract and
- a brief description of the proposed subcontract including the *Consultant's* assessment of whether the proposed subcontractor would be a Key Subcontractor

to the *Service Manager* for acceptance.

If the *Consultant* proposes to omit one or more of Subcontract Flowdown requirements from the subcontract, the *Consultant* seeks the *Service Manager's* agreement to such omissions prior to the awarding the subcontract.

A reason for not accepting the proposed subcontractor is that

- it will not be subject to the Subcontract Flowdown requirements,
- its appointment does not allow the *Consultant* to Provide the Services
- the *Service Manager* considers the proposed subcontractor should be treated as a Key Subcontractor or
- it is on the Debarment List

The *Consultant* does not appoint a proposed subcontractor until the *Service Manager* has accepted it. Once appointed, the *Consultant* submits a copy of the subcontract to the *Service Manager* along with any subsequent amendment.

Z8.10

The *Consultant* submits the proposed subcontract for each Key Subcontractor together with a completed Subcontract Flowdown Document to the *Service Manager* for acceptance unless the *Service Manager* has agreed that no submission is required.

The *Service Manager* may issue an instruction changing the Subcontract Flowdown Document, such an instruction is not a compensation event.

Z8.11

The *Consultant* does not appoint a Key Subcontractor on the proposed subcontract until the *Service Manager* has accepted it. A reason for not accepting the proposed subcontract is it does not

- comply with the contract including any Subcontract Flowdown requirements,
- allow the *Consultant* to Provide the Services or
- include a statement that the parties to the subcontract act in a spirit of mutual trust and co-operation.

Z8.12 If Option Y(UK)1 is used, the *Consultant* provides and keeps up to date a project bank account tracker in accordance with paragraph S 1606.1 of the Scope which identifies

- all Tier Two Suppliers and subcontractors (at any stage of remoteness from the *Client*),
- which Tier Two Suppliers and subcontractors (at any stage of remoteness from the *Client*) are beneficiaries of any Project Bank Account,
- if a Tier Two Supplier is not a Named Supplier, the reason why and the date of the *Service Manager's* agreement in accordance with clause Y1.5A

and allows the *Service Manager* to inspect and provide a copy of the project bank account tracker immediately upon demand and provides a copy of the project bank account tracker with each application for payment.

Z8.13 If at any time the *Consultant* does not provide a copy of the up to date project bank account tracker, then one quarter of change in the Price for Service Provided to Date may be retained in assessments of the amount due until the *Consultant* provides a copy of the up to date project bank account tracker as required by the contract.

Z10.6 Termination of the joint venture arrangement for any reason is treated as a substantial failure by the *Consultant* to comply with its obligations.

Z10.7 Where two or more Consortium Members comprise the *Consultant*, clause 90.1 and 91.1 of the conditions of contract are amended by inserting after “the other Party” the words “or in the case of the *Consultant*, any Consortium Member”.

If a Parent Company Guarantee was not given by the Contract Date, it is given to the *Client* within four weeks of the Contract Date, or of the *Service Manager's* request, whichever is later. Parent Company Guarantees are given for

- a standalone company – from the Guarantor or

- independent from the *Consultant*, any Consortium Members, any Controller, any Guarantors and any alternative guarantors,
- qualified and registered to practice in the jurisdiction in which the relevant entity is incorporated and
- agreed by the *Service Manager*.

The legal opinion is addressed to the *Client* on a full reliance basis and the liability of the independent regulated legal firm giving the opinion is not subject to any financial limitation.

The legal opinion confirms that the method of execution of the Parent Company Guarantee (or any alternative guarantee agreed by the *Client*) is valid and binding under applicable local law and covers the matters listed in the Scope, section S 1102 (Legal Opinion).

If accepted by the *Service Manager*, the alternative guarantor becomes the Guarantor for the *Consultant* or the relevant Consortium Member and the credit ratings become the *credit rating* for the Guarantor.

Z11.5 Not used.

Z11.6 The *Consultant* notifies the *Service Manager* immediately if a Change of Control has occurred.

Z11.7 Except for a Listed Company, if a Change of Control occurs without the *Service Manager's* prior consent or does not allow the *Consultant* to Provide the Service, the *Client* may terminate the *Consultant's* obligation to Provide the Service with immediate effect. In the event of a termination under this clause, the termination procedures followed are P1 and P2 and the amounts due on termination are A1 and A2.

Z11.13

If a Change of Control or any of the events listed in clauses Z7.1, Z11.8 to Z11.10 occurs, the *Service Manager* may require the *Consultant* (or the Consortium Member) to give to the *Client* within four weeks of the notification

- a Form of Performance Security, (or an alternative form of bond or security agreed by the *Service Manager* from an alternative guarantor proposed by the *Consultant* (or the Consortium Member) and accepted by the *Service Manager*)
 - if there is no Controller,
 - if the Controller had been included in the original Financial Standing Test and the outcome of the Financial Standing Test would have been a failure and a suitable alternative guarantor is not acceptable or
 - if agreed by the *Service Manager* and the *Consultant* or relevant Consortium Member.

If the Guarantor or an alternative guarantor proposed by the *Consultant* (in this clause referred to as a “relevant entity”) is not a company incorporated in and subject to the laws of England and Wales, the *Consultant* provides a legal opinion in accordance with Z11.4.

Z11.14

The *Consultant* provides the *Service Manager* with the information listed in clause Z11.12 and the credit ratings for the proposed alternative guarantor (unless agreed otherwise by the *Service Manager*) and any further information requested by the *Service Manager* concerning the alternative guarantor.

If so, the Parties agree a process for reviewing the financial standing of the Controller or the alternative guarantor during that period in order to demonstrate to the *Client* that if it had been included in the original Financial Standing Test the outcome of the Financial Standing Test would have been a pass by the end of that period.

the *Client* may treat such failure as a substantial failure by the *Consultant* to comply with its obligations.

Z11.20 Not used.

Z11.21 If accepted by the *Service Manager*, the alternative guarantor becomes the Guarantor for the *Consultant* or the relevant Consortium Member and the credit ratings become the *credit rating* for the Guarantor.

Z60 Tax Arrangements

Z60.1	Where any Staff are liable to be taxed in the United Kingdom in respect of consideration received under this contract, the <i>Consultant</i> complies, and procures that the Staff comply, with the Income Tax (Earnings and Pensions) Act 2003 and all other statutes and regulations relating to income tax in respect of that consideration.
Z60.2	Where any Staff are liable to national insurance contributions (NICs) in respect of consideration received under this contract, the <i>Consultant</i> complies, and procures that the Staff comply, with the Social Security Contributions and Benefits Act 1992 and all other statutes and regulations relating to NICs in respect of that consideration.

Z60.4	If the <i>Consultant</i> fails to provide information in response to a request under clause Z60.3 • within the period for reply or • which adequately demonstrates either how any member of Staff is complying with clauses Z60.1 and Z60.2 or why those clauses do not apply to it the <i>Client</i> may • treat such failure as a substantial failure by the <i>Consultant</i> to comply with its obligations or • instruct the <i>Consultant</i> to replace the relevant member of Staff.
Z60.5	If the <i>Client</i> receives or identifies information through any means which demonstrates that a member of Staff is not complying with clauses Z60.1 and Z60.2, the <i>Client</i> may treat such non-compliance as a substantial failure by the <i>Consultant</i> to comply with its obligations.

Z100 Indexation

Z100.1	On each anniversary of the Contract Date, the <i>Consultant</i> calculates a price adjustment factor (PAF), equal to $(L-B)/B$, where • L is the last published confirmed/firm value of the <i>index</i> and
--------	--

- B is the last confirmed/firm value of the *index* published before the Contract Date

rounded to three decimal places. The PAF calculated at the Completion Date for the whole of the *service* is used for calculating adjustments after this date.

Z100.2 On each anniversary of the Contract Date, the *Consultant* calculates each Maximum Staff Rate as

$$\text{Maximum Staff Rate} = \text{staff rate} \times (1 + \text{PAF})$$

The *Consultant* submits the Maximum Staff Rates including the calculations to the *Service Manager* for acceptance. A reason for not accepting the Maximum Staff Rates is that

- a rate does not comply with the contract,
- the supporting calculations are not submitted to the *Service Manager* or
- the supporting calculations do not comply with the contract.

Z100.3 Each amount due after the first anniversary of the Contract Date includes an amount for price adjustment which is the sum of

- for the lump sum items on the Task Schedule for Contract Management Duties and Demobilisation Duties, the change in the lump sums included in the Price for Service Provided to Date since the last assessment of the amount due multiplied by the PAF calculated at the last anniversary of the Contract Date before the assessment and
- the amount for price adjustment included in the previous amount due.

Z100.4 The Time Charge for compensation events relating to lump sum items for Contract Management Duties and Demobilisation Duties on the Task Schedule is assessed using the *staff rates* current at the time of assessing the compensation event adjusted to the Contract Date by dividing by (1+PAF), where PAF is the price adjustment factor calculated at the last anniversary.

Z101 The accounting periods

Z101.1 Within thirteen weeks after the end of each *accounting period* the *Service Manager*

- makes an assessment of the final amount due for the *service* provided during the *accounting period* and
- notifies the *Consultant* of that assessment and provides details of how the assessment has been made.

Z101.2 The *Service Manager's* assessments at the end of each *accounting period* are conclusive evidence of the final amount due for the *service* provided during the *accounting period* unless a Party

- refers a dispute about the assessment of the final amount due to the *Senior Representatives* or to the *Adjudicator* within four weeks of the assessment being issued,

- refers any issues referred to but not agreed by the *Senior Representatives* to the *Adjudicator* within three weeks of the list of issues not agreed being produced or when it should have been produced and
- refers to the *tribunal* its dissatisfaction with a decision of the *Adjudicator* as to the final assessment of the amount due within four weeks of the decision being made.

Z102	Tasks
Z102.1	The <i>Service Manager</i> may issue a Task Order to the <i>Consultant</i>. Before issuing a Task Order, the <i>Service Manager</i> instructs the <i>Consultant</i> to submit a quotation for the Task. The instruction includes • a detailed description of the work in the Task • a priced list of items of work in the Task in which items taken from the Task Schedule are identified • the amount of delay damages for late completion of the Task and • the Task's starting date and Task Completion Date.
Z102.2	The delay damages in a Task Order, if any, are not more than the estimated cost to the <i>Client</i> of late completion of the Task
Z102.3	The <i>Consultant</i> submits a quotation for a Task within three Business Days of being instructed to do so by the <i>Service Manager</i>. The <i>Consultant</i> submits details of its assessment with the quotation. The <i>Service Manager</i> replies within two Business Days of the submission. The reply is • acceptance of the quotation and the issue of the Task Order, • an instruction to submit a revised quotation, • that the <i>Service Manager</i> will be making the assessment or • a notification that the Task's will not be instructed.
Z102.4	The <i>Service Manager</i> instructs the <i>Consultant</i> to submit a revised quotation only after explaining the reasons for doing so to the <i>Consultant</i>. The <i>Consultant</i> submits the revised quotation within three Business Days of being instructed to do so.
Z102.5	The <i>Service Manager</i> extends the time allowed for • the <i>Consultant</i> to submit quotations for a Task or • the <i>Service Manager</i> to reply to a quotation if the <i>Service Manager</i> and the <i>Consultant</i> agrees to the extension before the submission or reply is due. The <i>Service Manager</i> informs the <i>Consultant</i> of the extension which has been agreed.
Z102.6	The <i>Service Manager</i> assesses the pricing for the Task if • the <i>Consultant</i> has not submitted a quotation and details of its assessment within the time allowed or • the <i>Service Manager</i> decides that the <i>Consultant</i> has not

assessed the Task correctly in a quotation and has not instructed the *Consultant* to submit a revised quotation.

The *Service Manager* notifies the *Consultant* of the assessment of the pricing of a Task, giving details of the assessment and issues the Task Order within the period allowed for the *Consultant*'s submission of its quotation for the same Task. This period starts when the need for the *Service Manager*'s assessment becomes apparent.

- Z102.7 The assessment of a Task is in the form of a Task price list. Where items of work in the Task price list are covered by rates in the Task Schedule, the items are priced using those rates. The prices for items in the Task price list which are not taken from the Task Schedule are assessed in the same way as a compensation event is assessed.
- Z102.8 When a Task Order is issued
- the Task price list is inserted in the Task Schedule and
 - the work involved is added to the Scope.
- The issue of a Task is not a compensation event.
- Z102.9 The *Consultant* does not start any work included in the Task until it has received the Task Order and does the work so that Task Completion is on or before the Task Completion Date. No Task Order is issued after the Completion Date.
- Z102.10 The *Service Manager* may instruct the *Consultant* to carry out a Task in an emergency before the requirements of clauses Z102.1 to Z102.5 have been fully complied with. If so
- the *Service Manager* provides any of the matters listed in clause Z102.1 which it has not provided and
 - the *Consultant* submits its quotation for the Task as soon as practical after the Task Order is issued.
- Z102.11 The *Consultant* provides information which shows how each item included in a Task relates to the operations on each programme which it submits for acceptance.
- Z102.12 Not used.
- Z102.13 When requested by the *Service Manager*, the *Consultant* enters into a collaboration agreement in the form specified in the Scope (or such other form as the *Client* may require) with the *Client* and a third party named by the *Service Manager*.

Z 103 Liability for materials prepared by the *Consultant* previously

Z 103.1 Where

- the *Consultant* is the Outgoing Consultant and
- a Task uses, relies upon or develops materials prepared under the Outgoing Consultant Contract, ("previous task materials")

then the *Consultant* agrees

- to adopt such previous task materials under the contract and has the same liabilities under the contract for such materials as if they had been prepared under the contract. This bullet applies to any previous task materials corrected under the Outgoing Consultant Contract,
- to correct any defects in the previous task materials under the Outgoing Consultant Contract in accordance with the provisions of the Outgoing Consultant Contract and
- it does not
 - include in an assessment of the Price for Service Provided to Date
 - for correcting any defects in such previous task materials and
 - the costs of any delay resulting from correcting a defect in previous task materials,
 - seek any compensation event or any delays resulting from such defects and
 - use any effects of such defects in any compensation event.

Z 103.2

If the *Consultant* identifies any defects in the previous task materials, the *Consultant*

- assess the impact of any such defects on any Task,
- informs the *Service Manager* of such defects and
- informs the *Service Manager* of any such acts upon delivering any Task.

Z104

Liability for impacts on the Severn River Crossings

Z104.1

Where in Providing the Service, if the Secretary of State's Severn River crossing assets or the road network for which it is the highway authority are affected, impacted, included within or otherwise affected by a Task, the Parties agree that the *Consultant's* liabilities to the *Client* under the contract apply equally mutatis mutandis to the Secretary of State as if it was joint *Client* under the contract.

Z104.2

The Parties agree that the obligation to pay for such a Task remain with the *Client*.

Z105

Payment options

Z105.1

The *Service Manager* may notify the *Consultant* that the total of the Prices for a proposed Task Order be treated as a lump sum or target price.

Z105.2

If the *Service Manager* notifies the *Consultant* that the total of the Prices for a proposed Task Order be treated as a target price,

- the Prices are lump sum price in the Task Schedule for each item.
- If the effect of a compensation event is to reduce the total Time Charge and the event is a change to the Task, other than a change to the Task which the *Consultant* proposed and the *Client* has accepted, the Prices are reduced.
- The *Service Manager* assesses the *Consultant's* share of the difference between the total of the Prices and the Time Charge for the Task. The difference is divided into increments falling within each of the *share ranges*. The limits of a *share range* are the Time Charge divided by the total of the Prices, expressed as a percentage. The *Consultant's* share equals the sum of the products of the increment within each *share range* and the corresponding *Consultant's share percentage*.
- If the Time Charge is less than the total of the Prices, the *Consultant* is paid his share of the saving. If the Time Charge is greater than the total of the Prices, the *Consultant* pays its share of the excess.
- The *Service Manager* makes a preliminary assessment of the *Consultant's* share at Completion of the whole of the services in the Task Order using its forecasts of the final Time Charge and the final total of the Prices. This share is included in the amount due following Completion of the whole of the services in the Task Order.
- The *Service Manager* makes a final assessment of the *Consultant's* share using the final Time Charge and the final total of the Prices. This share is included in the final amount due for the services in the Task Order.
- If, prior to Completion of the whole of the services in the Task Order, the Time Charge for the Task exceeds the total of the Prices, the *Service Manager* makes an assessment of the *Consultant's* share of the difference between the total of the Prices and the Time Charge for the Task at each assessment date. This share is included in the amount due to the *Consultant*. The total of the Prices includes the *Service Manager's* interim assessment of the changes to the Prices for a compensation event which has not been implemented at the assessment date.
- If there is a termination, the *Service Manager* assesses the *Consultant's* share. The *Service Manager's* assessment uses the total of the Time Charge which the *Consultant* has paid and which it is committed to pay for work done before termination and a proportion of the total of the Prices which is the proportion of the work which has been completed. The *Service Manager's* assessment of the *Consultant's* share is added to the amount due to the *Consultant* on termination if there has been a saving or deducted if there has been an excess.

Z106

Activation of secondary Option Y(UK)1

- Z106.1 Until notified by the *Service Manager*, secondary Option Y(UK)1 and associated provisions for secondary Option Y(UK1) in the *conditions of contract*, Contract Data and the Scope does not apply to the contract.
- Z106.2 The *Service Manager* may notify the *Consultant* that provisions of secondary Option Y(UK)1 and associated provisions for secondary Option Y(UK1) in the *conditions of contract*, Contract Data and the Scope applies from the date stated in the notification.
- Z106.3 In secondary Option Y(UK1) clause Y1.2,
- delete “Contract Date” and replace with “the date stated in the *Service Manager’s* notification issued in accordance with clause Z106”.
